SHAIK ABDUL KHAYYUM

+91-9390506491|khayyumshaik2004@gmail.com | http://www.linkedin.com/in/khayyumshaik | Bengaluru, Karnataka

Professional Summary

I am an enthusiastic fresher with strong skills in Java, Python, HTML, CSS, JavaScript, and SQL. I have a solid foundation in building responsive web applications, writing clean and efficient code, and managing databases. With a quick learning ability and a passion for solving technical problems, I am eager to contribute to dynamic projects and grow my expertise while adding value to the organization.

Experience

AWS Cloud Technology – SARAJ INNOTECH
May 2025 – July 2025

- Completed 3 months internship on AWS Cloud Technology under SARAJ INNOTECH.
- Gained hands-on experience with AWS services including EC2, S3, IAM, and RDS for cloud infrastructure management.
- Collaborated in an industry-oriented program enhancing problem-solving and teamwork skills.

Certifications

- NPTEL: Cloud Computing
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional-ORACLE
- Data Science for Beginners-Board Infinity
- Introduction to Linux-Linux Foundation

Education

B. Tech in Computer Science & Engineering
K.S.R.M College of Engineering, Andhra Pradesh
2022 – 2026
CGPA: 6.76

Senior Secondary (MPC)
Narayana College, Andhra Pradesh
2020-2022
Percentage: 60.8

Secondary Schooling
Little Flower High School, Andhra Pradesh
2020
CGPA: 9.8

Projects

Resume Parser using Regex and SQL

- Developed SQL queries for candidate filtering based on skills, experience and profile links, enabling quick recruiter insights.
- Applied dictionary-driven and heuristic methods to improve accuracy of skill, degree, and date extraction.
- Automated data ingestion and parsing pipeline to process raw text/PDF resumes and convert them into structured records.
- Enhanced parser performance by reducing false positives and improving precision/recall through iterative Regex refinement.
- Documented the project and created reusable modules for integration into larger recruitment or HR systems.
- Built a normalized SQL database schema (candidates, skills, education, experience, links) to store and query parsed information efficiently.
- Tools used: SQL, Python, Regex

Skills

- **Languages:** Java, Python, HTML, CSS, JavaScript
- **Databases and Tools:** SQL
- **Technologies:** Machine Learning, Deep Learning, Natural Language Processing
- **Soft skills:** Problem Solving, Communication, Team Collaboration, Time Management, Decision Making, Adaptability

Languages

- English, Hindi, Telugu, Urdu
